**Ventura County Cannabis Policy Snapshot – As of November 1, 2019**

- **Camarillo**: Prohibits commercial cannabis businesses, including delivery of medicinal or adult use cannabis.
- **Fillmore**: Prohibits commercial cannabis businesses, including delivery of medicinal or adult use cannabis. Cannabis businesses are subject to a tax if ever allowed in the city.
- **Moorpark**: Prohibits commercial cannabis businesses, including delivery of medicinal or adult use cannabis.
- **Ojai**: Permits three cannabis dispensaries and/or delivery services for medical and adult use. Dispensaries may receive a microbusiness license from the city (no additional microbusiness licenses will be allowed). Permits testing laboratories, manufacturing, and distribution.
- **Oxnard**: As of November 1, 2019, the city will allow eight cannabis manufacturers, one testing laboratory, and three distributors. The city is expected to vote on December 3, 2019 on an ordinance allowing up to eight retail cannabis businesses. Delivery is allowed from non-local medical businesses. Cannabis businesses are subject to a tax.
- **Port Hueneme**: Permits medical and adult use cannabis businesses, including manufacturing and testing facilities. Delivery is allowed only from local medical businesses.
- **Santa Paula**: Prohibits commercial cannabis businesses, including delivery of medicinal or adult use cannabis. Permits testing laboratories. Cannabis businesses are subject to a tax if ever allowed in the city.
- **Simi Valley**: Prohibits commercial cannabis businesses, including delivery of medicinal or adult use cannabis. Cannabis businesses are subject to a tax if ever allowed in the city.
- **Thousand Oaks**: Permits two medicinal dispensaries and one testing facility. Cannabis businesses are subject to a tax. Requires a permit for commercial cannabis delivery and imposes minimum standards on delivery businesses.
- **City of Ventura**: Prohibits commercial cannabis businesses. Requires a permit for commercial cannabis delivery and imposes operating standards on delivery businesses.
- **Ventura County (Unincorporated)**: Prohibits commercial cannabis businesses except for non-local medicinal or adult use delivery.

**DELIVERY**

Noncommercial delivery from a primary caregiver (with five or fewer qualified patients) is permitted under state law and is not addressed here.

State regulations allow delivery to “any jurisdiction within the State of California” as long as the delivery complies with state requirements. (CCR, Title 16, section 5416.) For that reason, jurisdictions may not be enforcing local laws that completely prohibit cannabis delivery. In addition to local requirements, all delivery businesses must be licensed by the state. State cannabis delivery licenses can be verified at www.bcc.ca.gov.
