I need help. A family member needs help. A friend needs help. What can I do?

1

Make the Call

The first step begins with a call to one of our Alcohol & Drug Adult Services Programs. You may be concerned about signs of drug use with someone you know. You may be concerned about yourself. When in doubt, speak to a professional. Just take the first step. Our Centers are open daily, Monday through Friday, from 8 AM to 5 PM. The best time to call is before 2 PM. We'll connect you to a Counselor.

Talk to a Counselor

Speak to a Counselor about your options. They will listen to your concerns and can answer your questions. If you are in a crisis situation, a referral will be made. A Counselor is always on call to listen to your concerns.
